

CURRENT LIST of MEDICAL LITERATURE

Vol. 10

June 14, 1946

No. 24

SUBJECT GROUPS ACCORDING TO JOURNALS

- | | |
|----------------------------------------|-----------------------------------------|
| 1. Anatomy; Histology | * 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethnology | * 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| 4. Aviation Medicine | * 29. Military and Naval Medicine |
| * 5. Bacteriology; Parasitology | * 30. Miscellaneous |
| * 6. Biology; Embryology | * 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | * 32. Nursing |
| * 8. Cancerology | * 33. Ophthalmology |
| 9. Cardiovascular System | * 34. Otorhinolaryngology; Phoniatry |
| 10. Chemistry; Physics | * 35. Pathology |
| * 11. Dentistry; Stomatology | * 36. Pediatrics; Child Welfare |
| * 12. Dermatology | * 37. Pharmacology; Pharmacy |
| 13. Diagnosis; Clinical Methods | * 38. Physiology |
| * 14. Dietetics; Foods; Nutrition | * 39. Psychology; Mental Hygiene |
| 15. Digestive System | * 40. Public Health; Sanitation |
| 16. Endocrinology | * 41. Radiology; Phototherapy |
| * 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| * 18. Genetics; Eugenics | * 43. Surgery; Traumatology |
| * 19. Gynecology; Obstetrics | 44. Therapeutics |
| * 20. Hematology | 45. Tropical Medicine |
| * 21. History; Biography; Bibliography | 46. Tuberculosis |
| 22. Homeopathy; Osteopathy, etc. | 47. Urology |
| * 23. Hospitals | 48. Venereal Diseases; Sexology |
| * 24. Immunology; Serology | 49. Veterinary Medicine |
| * 25. Industrial Hygiene; Sociology | 50. Zoology |

THE ARMY MEDICAL LIBRARY
Washington, D. C.

THE CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents U. S. Government Printing Office, Washington 25, D.C. : \$9.00 per year (\$3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents at the above address.

Published weekly by the Army Medical Library 7th Street & Independence Ave., S. W., Washington 25, D.C., as an intraservice publication of the War Department. Lists, with complete reference, articles of medical interest contained in all current journals received. Subject-index provided monthly. Exchange invited.

5. Bacteriology; Parasitology

Proc. Helminth. Soc. Washington, 1946, 13: (Jan.)

SPINDLER, L.A., ZIMMERMAN, H.E., Jr., & JAQUETTE, D.S. Transmission of Sarcocystis to swine. 1-11.

HABERMANN, R.T. The probable origin of some unusually heavy infections with common sheep hookworm (*Bunostomum trigonocephalum*) II.

WARD, J.W. A preliminary study of the occurrence of internal parasites of animals in Mississippi. 12-4.

DICKMAN, G. A new nematode, *Longistriata caudabulata*, n. sp. (Nematoda: Viansininae), from the short-tailed shrew, *Blarina brevicauda*. 14-6.

DOUGHERTY, E.C. The genus *Aelurostrongylus* Cameron, 1927 (Nematoda: Metastrongylidae), and its relatives; with descriptions of *Parafilaroides*, gen. nov., and *Angiostrongylus gubernaculatus*, sp. nov. 16-26.

Psyche, J. Entom., 1945, 52: (Sept.-Dec.)

BEQUAERT, J. Cutaneous myiasis due to *Cuterebra* in Massachusetts. 175.

6. Biology; Embryology

Arch. Soc. biol. Montevideo, 1945, 12: (Jun.-Sept.)

DÍAZ ROMERO, C. La penicilina en la purificación de la vacuna antivariólica. 152-8.

HUÑO, W. Estructuras fibrilares en células de la adenohipofisis. 159-63.

FERRERO, N., & PATETTA, M.A. Estudio de las cronaxias de los músculos motores y vestibular de la paloma. 164-8.

FERRERO, N., & PATETTA, M.A. Variación de la cronaxia de la paloma en la avitaminosis B₁. 169-72.

GRASSO, R. Acción de la tiourea y de las sulfonamidas sobre las peroxidases de la glándula tiroidea. 173-85.

ESTABLE, C., FERREIRA-BERRETTI, P., & ARDAO, M.I. Contribución al conocimiento de la toxina de *Megalopyge urens* y de su acción farmacodinámica. 186-98.

C. rend. Soc. biol., 1945, 139: (Oct.)

SCHAEFFER, G., & THIBAUT, O. Recherches sur les facteurs hormonaux de la régulation thermique; effets de l'adrénaline sur les échanges en fonction de l'activité thyroïdienne. 855.

SCHAEFFER, G., & THIBAUT, O. Recherches sur les facteurs hormonaux de la régulation thermique; étude du mécanisme d'action de la thyroxine sur l'augmentation des échanges due à l'adrénaline. 857.

MOYSE, A. Sur un cas de renouvellement de la flore sous l'influence de l'homme. 859-61.

LECOQ, R. Production expérimentale d'un syndrome pellagrique. 861-3.

PARAY, J., DESBORDES, J. [et al.] Propriétés physiologiques d'un nouvel acide gras éthylénique α - α disubstitué. 863-5.

LEMETAYER, E., & NICOLLE, L. Développement comparatif de la production de l'antitétanolysine et de l'antitoxine spécifique chez les chevaux producteurs de serum antitétanique. 865-7.

MAZE, P., & MAZE, P.J. Influence de la nutrition minérale sur la résistance du maïs aux infections microbiennes. 867.

MAZE, P., & MAZE, P.J. La nutrition minérale et la dégénérescence de la pomme de terre. 869-71.

SOLOMIDES, J. Inversion, par la pyridine, de certaines propriétés physico-chimiques des protéines du serum de lapin et de cheval. 871.

SOLOMIDES, J. Aspects chimiques de l'hémolyse provoquée par la glycérine et la pyridine. 873.

LEVADITI, C., & VAISMAN, A. Relation entre les virus neurotropes Theiler, apteux et polioépidémiques Lansing. 875.

LEVADITI, C., & VAISMAN, A. Nombre et virulence; infection reCURRENTIELLE. 877.

LNWOFF, M., & NICOLLE, L. Nécessité de l'hématine pour la nutrition de *Triatoma infestans* Klug (réduite hémaphage). 879-81.

KREIS, B., & LE BARRE. Sensibilité comparée à l'histamine et à la tuberculine. 881-3.

KREIS, B. Seuil tuberculinique et extension lésionnelle chez le cobaye. 883.

BERTRAND, I., GAYET-HALLON, T., & QUIVY, D. Le nerf génito-fémoral joue-t-il un rôle dans la production de la syncope adrénalino-chloroformique? 885.

BERTRAND, I., GAYET-HALLON, T., & QUIVY, D. Respiration artificielle et syncope adrénalino-chloroformique. 887.

LEGROUX, R., & LEVADITI, J.C. Infiltration novocaïnique de la fourche carotidienne et intoxication botulique expérimentale du cobaye. 888-90.

LEVADITI, J.C., & PANTHIER, R. La microscopie en fluorescence de Rickettsia prowazeki. 890-2.

LEGENDRE, R. Mouvements respiratoires de la tortue caret. 892-4.

LEGENDRE, R. La température des goélands. 894.

STROHL, A., & MARTIN-BELLET, F. Essai d'interprétation des variations des différences de potentiel électrotoniques avec l'intensité par la polarisation de certaines parties du nerf. 895.

ANSARI, N. Quelques procédés concernant l'utilisation de la pénicilline dans l'isolement de *Leishmania tropica*. 897.

ANSARI, N. Quelques observations concernant la leishmanisation prophylactique en partant de cultures pures. 898.

RAFFY, A. Teneurs en riboflavine (vitamine B₂) de quelques organes chez l'homme. 900-2.

PARROT, J.L., & COTEREAU, H. Action de l'iodo-adrenochrome sur la résistance des capillaires. 902-4.

VALETTE, G. Sur la pénétration transcutanée des huiles essentielles et de leurs constituants chimiques. 904-6.

VALETTE, G. Sur la pénétration transcutanée des alcaloïdes. 906.

MEIDINGER, F. Etude des relations entre la durée d'action des anesthésiques locaux et la viscosité du solvant (scurcoïne et subtosan véhicule-retard). 907.

DERRIEN, Y. Hétérogénéité des protéines sériques humaines observée par l'établissement de leur courbe de relargage à partir d'un très grand nombre de déterminations expérimentales. 909-12.

WEBER, A. Etude de la structure fine du tissu nerveux, d'après les différentes phases de l'impregnation argentique. 917-9.

CHAMPOUGNY, J., & LE BRETON, E. Recherches sur la déshydrogenase des acides gras supérieurs; obtention quantitative de l'enzyme à partir de foie. 919-21.

- RAMANAMANYAM, W. Activité myotique des acétals de triméthylammonium propanediols. 921-3.
- KOLOCHINE-ERBER, B., & COLLOMBIER, M. Isolation d'une souche française de *Leptospira canicola*. 923-5.
- CHAUCHARD, P. Aminothiazol et thyroxine; recherches chronométriques. 925.
- DRILHON, A., & BUSNEL, R.G. Caractères biochimiques du sang de la larve et de l'imago chez *Hydrophilus piceus*, coleoptère aquatique. 926-8.
- BEYNE, J., CHAUCHARD, B., & CHAUCHARD, P. Les effets de l'anoxie sur l'excitabilité nerveuse chez l'homme. 929.
- GOUNELLE, H., VAILLETTE, A., & BACHET, M. Fortes surcharges en vitamine D₂ chez les tuberculeux pulmonaires; hypercalcémie sérique. 930.
- VAISMAN, A. Chancre d'auto-inoculation chez le lapin et allergie dans la syphilis. 932.
- REY, P. Sur les différences sexuelles de la musculature des bras antérieurs chez *Buto vulgaris* Laur. 933-5.
- GRANDPIERRE, R., GUILHEM, J. [et al.] Anesthésie limitée entretenue au chloralose. 935-7.
- DESGREZ, P., & DELBARRE, F. Quelques remarques sur la recherche de l'acide phénylpyruvique dans l'urine. 937-9.
- REONIER, J., BAZIN, S., & FÉRE, J. Etude de la fixation des sels de paraminobenzoyldiéthylaminoethanol sur la poudre de cerveau et sur le nerf in vitro. 939.
- LACASSAGNE, A., RUDALI, G., & GUY-HOI, N.P. Analyse du pouvoir cancérogène de différentes fractions d'une huile anthracénique. 941.
- HAZARD, R., CHEYMOU, J., & QUINQUAUD, A. Inefficacité de l'atropine sur des apnées toxiques (nicotine, yohimbine, ergotamine) 942-4.
- TIFFENEAU, R., & BEAUVALLET, M. Etude des propriétés bronchodilatatrices de diverses alcoylamines synthétiques. 944.
- BOVET, D., BOVET, F., & DUPUY, R. Propriétés hypotensives de l'ester nitrrique de l'aminéthanol. 946.
- PARROT, J.L., & GAILLICHE, P. Action de la vitamine P sur le temps de saignement. 948-50.
- MINZ, B., & PASSOUANT, P. Sur la nature neuro-humoraie du syndrome myotonique. 950-2.

Fed. Proc., Balt., 1946, 5: No. 1, pt 2 (Cont'd)
